Hi, Ved.

I don't think you need to ask her permission to show our footage, as long as she and RFAAP badges are not in view. If you are asking should we share our footage with her and she can use it as she wants, then the answer is "yes".

Brian

Thanks Brian:) Do you think we need to ask Commander Masson as well to share the Radford aerial footage? We can compile a short highlights video and launch it with our new website. You would all be welcome to use it as well.

Best,

Ved Chirayath, Ph.D.

Hi Brian and Keith,

I hope this message finds you well. Our group is interested in posting some information about our recent field deployments in McAlester and Radford on our lab webpage (www.nasa.gov/ames/las), and are curious as to whether there are any caveats or restrictions on information or photos that we submit online. Let us know if you have any thoughts, and we'll be sure to respect your preferences on released information as well. Thanks!

Cheers,

Ron
